Thank you for allowing us the opportunity to ask each of our children individually what their talents are. It also allowed them to share what talents we see in them as special gifts that God has given them. Thank you!

We had a wonderful start! The children were very engaged and we had a great conversation about the Gospel reading. The questions/ explanations included in the companion helped me to explain adultery to 10 and unders.

Your Holy Family's 33 Day Family Consecration Program

Bringing your Family Closer to the Lord and Closer to Each Other

Why should I do a Family Consecration?

Your Holy Family's 33 Day Family Consecration is an accessible form of a 33 Day preparation for total consecration to Jesus through studying the life of Mary. The reflections are not "watered down", just simplified and much shorter than most 33 Day Marian consecration programs. This book is designed for the whole family, to bring the family closer to each other and also closer to the Lord. Discussion questions help the reader and the whole family understand and focus on a spiritual topic each day and weekly pious practices create or improve healthy spiritual habits.

Your Holy Family's Coloring book is just plain fun. The beautiful artwork in the coloring book is available to keep the younger members of your family interested or it can be used as an aid to understanding of the topic of the day. Each day there is a corresponding coloring page which teaches, through pictures, something about the Lord, Our Blessed Mother and how to live out God's plan for family life.

Do I need to pray with my family 33 days in a row?

Not necessarily, the goal of this program is to help your family grow closer to the Lord and closer to each other. You will get the most out of this program if you make it a priority to pray together as a family each day for 33 days in a row. But if you have obstacles to achieving that goal (such as shared custody with a former spouse, etc), then make the necessary adjustments and proceed on with the program. You will get spiritual benefits each time you pray together as a family. You are the parent, this program was created to assist you in your desire to increase prayer within your family. We propose a program that can help you with this task, but feel free to modify. You know your family much better than anyone else, except God, so be sure to pray about how best to use it and God will help you make the right choices.

Why Should I do a Family Consecration Program?

If you are already praying daily as a family, then you are doing an awesome job, and perhaps consecration to Jesus through Mary can enhance that great prayer life a bit more. If you aren't praying daily as a family, the family consecration program is a great way to get you started with a daily family prayer routine.

We can never learn too much about God or his saints. They all inspire us to be better than we are today. Consecration is simply one way to grow closer to the Lord through learning more about His Blessed Mother and uniting with her in the mission to bring souls to her Son.
