

Circle of Love Family Craft Directions

Each family should take 1 bag containing the “Circle of Love” directions as well as supplies, 1 permanent marker, and 1 pair of scissors.

Each bag contains directions, 8 outlined white hearts, 8 outlined hearts of varying colors, some q-tips, a container of tacky glue, and a piece of yarn.

Please begin by cutting out all 18 hearts. Then, return your scissors to the basket so another family can use them.

Then, on the white hearts, use the permanent marker to write something about love pertaining to your family. Some ideas include, ways you can show love to one another, things you can sacrifice for the love of the family, ways your family can show love to others, etc. Once this step is complete, please return the permanent marker.

Use the q-tips and tacky glue to attach the white hearts onto the hearts of varying colors, being sure to line up the white and colored hearts that have holes punched in them.

The next step is to tie the piece of yarn through the set of hearts with the holes punched in them.

The final step is to form your hearts into a circle, a “Circle of Love.” Use the tacky glue to connect the hearts together at the edges. Write your family name on the back of the heart set with the yarn attached.
